- 11.0 While submitting your quotation following points should be kept in mind. Any tender not complying with our tender conditions will lead SCI to review its business policy with the concerned shipyard in future.
- 11.01 Assume work, in general, to be continued on weekends and holidays. The total repair time should accordingly be indicated in **CONTINUOUS RUNNING DAYS AND NOT IN WORKING DAYS. National/festival/scheduled holidays falling during the dry-docking/repair period, testing and trials (including sea) for all the repaired machineries should be considered by the shipyards and included in the total repair period. - 11.02 In case the vessel’s dry-dock/repair gets delayed due to yard’s reason:
